

Hurricane Season: FEMA-Compatible Recovery for Public Entities

Disaster Recovery Services (DRS) provides you with a recovery experience unlike any other. We quickly streamline and coordinate the myriad of experts and resources your organization needs following a disaster event to optimize your physical and financial recovery.

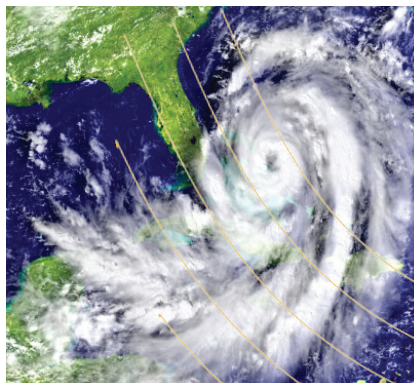

Procurement Assistance

Procurement missteps represent one of the most significant exposures for applicants when it comes to FEMA reimbursement. DRS has you covered with the following services:

- Review of existing procedures for 2 CFR 200 and FEMA compatibility
- Guidance on how to gain immediate access to recovery services while meeting FEMA's procurement requirements
- Preparation of procurement support packages that align with FEMA requirements, including cost/price analyses
- Document retention through the OIG audit period (often 10-15 years after the event)

Insurance and FEMA Claims Assistance

Your DRS team has mastered the interplay between insurance and FEMA and offers a service unmatched by any other consulting firm in the country. Yes, there are other firms that can manage insurance claims. DRS, however, is the one of the only firms that can manage both, offering you the best advantage when facing a catastrophic event.

Highlights of our expertise include:

- Proven strategy for maximizing insurance recoveries to minimize FEMA claims burden
- Guidance on preparation of insurance and FEMA claims to expedite cash flow
- Complex understanding of FEMA programs to optimize recovery and minimize insurance purchase requirements
- Preparation of all needed estimates, scopes of work, project worksheets, and claim support packages from kick-off to close-out

Full Disaster Support Assistance

Through DRS you have immediate access to our Managed Vendor Partner Program made up of quality suppliers who hold cooperative agreements that ensure best-in-class service at pre-event pricing.

FEMA Eligibility Drivers

DRS personnel have prepared hundreds of complex FEMA and insurance claims totaling billions of dollars after federally declared disasters for states, state agencies, counties, cities, utility authorities, housing authorities, hospitals, higher education systems, independent school districts, and not-for-profits. We have supported public entities through their recovery from many events.

Eligible Applicants

FEMA-eligible applicants include:

- Local Governments: Counties, Municipalities, School Districts, Local Public Authorities, etc.
- Private Non-Profit Organizations: Eligible facilities that provide critical services (Education, Utility, Emergency, Medical, etc.)

- State and Territorial Governments: DC, Puerto Rico, US Virgin Islands, Guam, etc.

Examples of Uninsured Losses:

- Insurance Policy Deductibles
- Damage valued in excess of insurance policy limits/sublimits
- Insurance policy exclusions (i.e., infrastructure, mold, asbestos, etc.)
- Uninsured Perils (with the exclusion of flood)
- Hazard Mitigation
- Alternative Procedures

Cooperative Purchasing Agreements

DRS has national cooperative agreements in place with Choice Partners and HGACBuy that will provide you with immediate access to our services.
